

# The Breeze And I

This song is based on a Spanish language song "Andalucia.". The English version was a #1 hit for **Jimmy Dorsey** in 1940 and a #13 for **Caterina Valente** in 1955. The song enchants listeners, inviting them to immerse themselves in its wistful beauty and nostalgic charm.

**Performance notes:** The various triplets will be a challenge to all but the most advanced players—try to separate the left and right hands in your own mind when playing them. Please note that the chord names are meant for guitar or piano and they will not necessarily match up with the Stradella notes for accordion.

The

Breeze And I are whispering good-bye
