

Just Squeeze Me

This easy going swing number was written in 1941 and has since become a jazz standard. It has been recorded by many notables including Ella Fitzgerald, Louis Armstrong, and Peggy Lee.

Performance notes: The recommended tempo is 100 BPM, so don't go charging off! In order to get the feel for some of the chords which are not available on accordion, play attention to the recommended bass notes. Starting in measure 5, the basses should be held slightly longer than notated (hence the "Sostenuto il basso sempre" notation) and the chord notes should be snappy (like a horn section).

Moderate Swing ♩=100

F Dm Gm C7

Staccato (both hands)
